

# Plastic Tubular Ventilation Fan

This plastic tubular ventilation fan is designed for efficient air extraction. Constructed from durable plastic, the fan is lightweight and corrosion-resistant.

## ADDITIONAL IMAGES

## Product Overview

### Efficient Air Extraction

This plastic tubular ventilating fan is engineered for effective air extraction in residential and commercial environments, such as bathrooms and kitchens. Featuring a durable, corrosion-resistant plastic construction, it offers a lightweight solution for long-term ventilation needs. The design includes a square grille for optimal airflow and a cylindrical outlet for seamless integration with standard ventilation ductwork.

## Technical Specifications

### Installation

Screw mounting • Duct connection ready

### Material

Durable Plastic

### Mounting Type

Wall or Ceiling

### Design Features

Corrosion-resistant, Lightweight, Square Grille, Tubular Outlet

## Application

### Recommended Use

- Bathrooms
- Kitchens
- General Ventilation Areas
