

Plastic Welding Torch

This tool is used for welding plastics. It features adjustable temperature control and operates on a 220V power supply.

Overview

Professional Plastic Welding Solution

This versatile plastic welding torch is designed for precision and reliability in industrial applications. Featuring adjustable temperature controls and multiple power configurations, it offers consistent performance for various welding tasks. The tool is available in both standard and DC motor variants to suit specific operational requirements.

Technical Specifications

Power Range

500 W

Minimum Power

700 W

Maximum Power

Operating Voltage

220V

Nozzle Diameters

6mm, 9mm

Model Comparison

Model Specifications

| Model | Temp Range (°C) | Qty/Ctn |
|---------|-----------------|---------|
| HC-500 | 50-600 | 20 |
| HC-700 | 50-600 | 20 |
| HC-700t | 50-600 | 20 |
| HF-500 | 50-550 | 20 |
| HF-700 | 50-550 | 20 |
| HF-700t | 50-550 | 20 |
