

Platform Hand Truck with Wooden Platform

This platform hand truck is designed for moving heavy loads in industrial environments. It features a sturdy wooden platform and a durable steel frame with smooth-rolling wheels.

Product Overview

Heavy-Duty Platform Hand Truck

This platform hand truck is engineered for efficient material handling in demanding industrial environments. Featuring a robust wooden deck and a durable steel frame, it provides a stable and reliable solution for transporting heavy loads across warehouses and workshops. Its design prioritizes maneuverability and ease of use, making it an essential tool for daily logistics and operational tasks.

Technical Specifications

Model Number	PH5004
Construction Materials	Wooden Platform, Steel Frame
Frame Finish	Red Painted

Key Features
