

Pneumatic Blow Gun Kit

This heavy-duty blow gun kit is designed for industrial and automotive applications. It includes nozzles and extensions for reaching tight spaces and delivering high-volume airflow to remove debris and dry surfaces.

Product Overview

Professional Grade Pneumatic Blow Gun Kit

This pneumatic blow gun kit is engineered for demanding industrial and automotive environments. Featuring a durable cast aluminum body and an ergonomic pistol grip, it provides the reliability needed for heavy-duty cleanup and debris removal. The kit includes multiple nozzle extensions, ensuring high-volume airflow can be delivered precisely into tight or hard-to-reach spaces.

Technical Specifications

Air Inlet Size	1/4 inch
Body Material	Cast Aluminum
Key Features	Ergonomic Grip, High Volume Airflow, Durable Construction, Storage Hook

Included Components

Kit Contents

- 1 x Air blow gun
- 1 x 3" Nozzle (threaded on both ends)
- 1 x 6" Extension
- 1 x 9" Extension
