

Pneumatic Cable Jacket Stripping Machine

This pneumatic machine strips the outer jacket from multicore cables. It is suitable for processing small wire cables, including AC/DC power cords, computer cables, and electronic cables.

Product Overview

Industrial Pneumatic Stripping Solution

This pneumatic cable jacket stripping machine is engineered for efficient and precise removal of outer jackets from various multicore cables. Designed for small wire processing, it handles AC/DC, power cords, computer cables, and electronic cables with ease. Its pneumatic operation ensures consistent performance, making it an ideal choice for high-volume industrial cable preparation.

Technical Specifications

Adjustable Stroke

50 mm

Minimum

500 mm

Maximum

Power Supply	AC 110V/220V / 60Hz/20Hz
Air Pressure	5 KG/CM2
Wire Diameter Range	0.7 - 40mm

Cutter Options

Cutter Compatibility

Cutter Type	Application
Flat Cutter	Flat cables
V-Cutter	Wire diameter 4.0mm or less
Round Cutter	Wire diameter 4.0mm and above

Compliance & Support

Certifications	CE, SGS
Warranty Period	1 Year
