

Pneumatic Finish Nailer

This pneumatic tool drives finish nails into wood and other materials using compressed air. Its adjustable depth ensures precise nail placement for fine woodworking tasks.

Product Overview

Professional Finishing Performance

This pneumatic finish nailer is engineered for precision and efficiency in woodworking applications, including trim work, cabinetry, and furniture assembly. It utilizes compressed air for consistent power, while the lightweight, ergonomic design ensures comfortable handling and reduced fatigue during extended use. With adjustable depth-of-drive settings and a high-capacity magazine, this tool offers the control and speed required for professional-grade fastening.

Technical Specifications

Adjustment Features

- Adjustable depth of drive
- Rapid-load magazine

Ergonomic Design

Lightweight • Balanced Weight Distribution • Ergonomic Grip

Power Source

Pneumatic (Compressed Air)

Primary Applications

Trim Work, Cabinetry, Furniture Assembly, Fine Woodworking
