

Pneumatic Stapler for Woodworking and Upholstery

This pneumatic stapler is designed for a variety of stapling applications. It is a durable and reliable tool suitable for both professional and DIY tasks.

Product Overview

Professional Performance

This pneumatic stapler is engineered for versatility in woodworking and upholstery applications. Designed with a focus on ergonomics, its lightweight construction minimizes user fatigue during extended operation. It delivers consistent, powerful stapling performance, ensuring precision and reliability for demanding professional projects.

Technical Specifications

Model Number	9025
Staple Gauge	18 Ga.
Crown Type	Narrow Crown
Depth Control	Yes

Compliance & Standards

Certifications	CE, GS
