

Polished Brass Ceiling Fan with Light

This ceiling fan features a polished brass finish and five dark-colored blades. It includes an integrated light kit with multiple frosted glass shades, providing both illumination and air circulation.

Product Overview

Elegant Air Circulation

This ceiling fan combines a classic polished brass finish with five dark-colored blades to enhance traditional or transitional interiors. It features an integrated light kit with frosted glass shades, offering dual-purpose functionality for illumination and air circulation. Designed for efficiency, this unit helps regulate indoor climate and reduce energy consumption.

Energy Efficiency

Daily Energy Savings Analysis

Metric	1P AC	2P AC	3P AC
Rated Power (W)	1200	2200	3100
AC Electricity Charge/Day	7.68	14.08	19.84
Fan Electricity Charge/Day	0.45	0.45	0.45
Saving/Day	2.622	5.182	7.486

Energy Efficiency Concept

Clockwise rotation produces a wind chill effect, creating a thermoelectric difference of approximately 8°C. This allows for higher air conditioner temperature settings, potentially saving over 40% in energy costs.
