Product Overview

High-Performance Polyester Webbing Sling

This high-strength webbing sling is engineered for the secure lifting and handling of heavy industrial loads. Constructed from durable, woven polyester fibers, the sling offers excellent resistance to abrasion and environmental wear. Designed with reinforced loops and standard color-coding, it ensures both safety and ease of identification in demanding construction and rigging environments.

Technical Specifications

Design Features

- Reinforced loops at each end
- Color-coded capacity identification
- Enhanced stitching for longevity

Material Composition

Woven Polyester

Compliance and Usage

Recommended Applications

Construction • Manufacturing • Rigging

Safety Compliance

Industry Standards Compliant
