Product Overview

Portable High-Capacity Charging

This 10000mAh portable power bank is engineered for reliability and convenience, offering a compact solution for charging smartphones and tablets on the go. Featuring a slim, lightweight profile, it easily fits into pockets or bags, making it an ideal companion for travel and daily commutes. The device includes an advanced safety protection system to prevent over-charging, over-discharging, and short circuits, ensuring your electronics remain safe during every charge cycle.

Technical Specifications

Battery Capacity

10000 mAh
Capacity

Battery Chemistry

Polymer battery

Weight

210 g

Connectivity & Power

Charging Efficiency

- Fast charge support up to 2.1A
- High-speed DC 5V/2A input

Input

5V/2.1A (1 x Micro USB)

Output

5V/2.1A (2 x USB Port)

Safety & Design

Physical Design

Slim Profile • Textured Grip • Pocket-friendly • Lightweight

Safety Protections

Over-charge protection, Over-discharge protection, Voltage protection, Current protection, Short circuit protection
