Product Overview

Portable Performance

This portable 12V DC tire inflator is engineered for reliability and ease of use in automotive environments. Featuring a robust 30mm cylinder design and integrated LED lighting, it provides efficient inflation for tires and other inflatables. With a 30-minute continuous duty cycle and a comprehensive accessory kit, it is a practical tool for roadside emergencies and routine maintenance.

Technical Specifications

No-load Current

7 A

Min Current

12 A

Max Current

Operating Voltage	DC 12V
Maximum Pressure	130 PSI
Cylinder Diameter	30 mm

Performance

Inflation Time (R15/195/60)	2.5 minutes (0 to 33.8 PSI)
Continuous Work Time	30 min

Connectivity & Reach

Hose Length	80 cm
Power Wire Length	400 cm

Accessories

Included Accessories

- 3 x Nozzle adaptors
- 1 x 15A Fuse
- 1 x Pair of working gloves

Features

Key Features
