Product Overview

Portable Compressor Refrigeration

This 35L portable compressor refrigerator provides a reliable cooling solution for automotive and outdoor applications. Engineered for efficiency, it operates on a 12V DC power source and features robust compressor technology capable of reaching temperatures as low as -18°C. With a durable build and compact form factor, it is an ideal companion for camping, road trips, and vehicle-based travel.

Technical Specifications

Minimum Temperature

-18 °C

Cooling Temp

Model Number	AQ-C-35L
Capacity	35 L
Power Consumption	48 W
Voltage	DC 12V-14V
Working Life	30000 Hours

Logistics & Compliance

Shipping Ports

- Ningbo
- Shanghai

Certifications	CE, RoHS
Warranty	2 years
Minimum Order Quantity	10
