

# Portable 4L Mini Fridge with Cooling and Heating

This portable mini refrigerator has a 4-liter capacity and offers both cooling and heating functions. It can cool to 20-25 degrees Celsius below ambient temperature and heat to 55-60 degrees Celsius.

## Product Overview

### Versatile Portable Cooling and Heating

This compact 4L mini fridge offers a unique soccer-ball design, making it a stylish and functional addition to homes, offices, cars, and yachts. It provides dual-functionality, capable of cooling contents to 20-25°C below ambient temperature or heating them up to 60°C. Designed for portability and convenience, it supports multiple power configurations for seamless use on the go.

## Performance Metrics

### Cooling Performance

**25 °C**

Max Cooling Below Ambient

### Heating Performance

**60 °C**

Max Heating Temperature

## Technical Specifications

Capacity	4 L
Power Consumption	45 W
Power Configurations	AC 220V/DC 12V, AC 110V/DC 12V, DC 12V Only

## Features

### Suitable Environments

- Home
- Office
- Car
- Yacht

### Status Indicators

Yes

## Logistics and Packaging

### Container Loading Capacity

Container Type	Capacity (pcs)
20' Container	924
40' Container	1904
