

Portable AC Arc Welder

This is a portable welding machine designed for AC arc welding applications. It features a robust design with integrated wheels and handle for easy transportation and a compact form factor.

Overview

Professional AC Arc Welder

The PRO-160F is a high-performance, portable AC arc welding solution engineered for diverse welding tasks. Its robust design is complemented by integrated wheels and a handle, ensuring superior mobility on busy job sites. Compact yet powerful, this unit is designed to meet the rigorous demands of professional welding applications.
