

Portable Cable Reel with Multiple Outlets

This cable reel provides a robust and portable solution for managing and extending electrical power. Featuring multiple power outlets and an integrated circuit breaker, it is suitable for both indoor and outdoor use.

Overview

Robust Power Management Solution

The GEH-005 cable reel is a portable and durable solution designed for efficient power extension in both indoor and outdoor environments. It features a high-quality cable with excellent conductivity and wear resistance, supported by a convenient carry handle for easy transport. Equipped with multiple outlets and an integrated circuit breaker, it ensures reliable performance and overload protection for workshops and construction sites.
