Overview

Clean Air On the Go

This portable car air purifier is designed to enhance air quality in vehicles and compact spaces through advanced filtration technology. Featuring a HEPA and carbon filter system combined with an anion function, it effectively removes pollutants for a healthier environment. With intelligent air quality detection and customizable settings, this device automatically adapts to your surroundings, ensuring optimal performance and convenience.

Technical Specifications

Power Consumption	5 W
Battery Capacity	2 x 2200mAh (Li-ion)
Working Time	8 H
Charging Time	8 H

Features

Operating Modes

- Three speed settings
- Intelligent automatic mode
- Air quality detection

Filtration System	HEPA Filter, Carbon Filter, Anion Function
Timer Range	1-8 Hours
