Product Overview

Versatile Portable Cooling Solution

This portable car freezer is designed for flexibility, operating efficiently on both 12V and 24V power sources. It functions as both a fridge and a freezer, making it an ideal companion for camping, road trips, and outdoor activities. With precise microcomputer temperature control and a compact 18L capacity, it ensures your food and beverages remain at the perfect temperature throughout your journey.

Performance

Cooling Performance

-20 °C Min Temperature	18 L Capacity

Climate Classification

T, ST, N, SN

Technical Specifications

Refrigerant & Foam

Component	Details
Refrigerant	R134a (55g)
Foam Vesicant	C5H10/C-pentane

Input Voltage

12V/24V DC

Physical Dimensions

Dimensions (W x D x H)

570 x 320 x 350 mm

Net Weight

10 kg

Features & Safety

Safety Features

- 3-stage battery protection
- Over-voltage protection
- Microcomputer temperature control
- Push-button operation
- LED display
