Product Overview

Compact Cooling Solution

This 15L portable car freezer is designed for efficient cooling and freezing on the go, making it an ideal companion for road trips, camping, and outdoor adventures. It features a robust climate classification system and reliable cooling performance with a temperature drop capability of 40-50°C. With dual AC voltage compatibility and a lightweight design, it offers versatile power options and easy portability for any vehicle setup.

Technical Specifications

Refrigerant & Insulation

- Refrigerant: R134a (40g)
- Foam vesicant: C5H10/C-pentane

Capacity	15 L
Net Weight	12 kg
Climate Classification	T, ST, N, SN

Dimensions

Physical Dimensions

Dimension	Value
Width	535 mm
Depth	265 mm
Height	365 mm

Performance & Power

Cooling Performance

50 °C

Max Temp Drop

AC Voltage Compatibility

- 100 - 120V
- 220 - 240V

Frequency

50-60Hz
