

# Portable Car Refrigerator and Warmer

This portable car refrigerator is designed for cooling and warming food and beverages. It features a hot/cold switch, DC and AC power options, and a compact design ideal for travel, camping, and outdoor use.

## Overview

### Versatile Portable Cooling and Warming

This portable car refrigerator and warmer is designed for maximum versatility during travel, camping, and outdoor activities. It features dual functionality with both cooling and heating modes, allowing you to keep beverages cold or food warm on the go. With support for both AC and DC power inputs, it integrates seamlessly into vehicle or indoor environments.

## Technical Specifications

Model Number	JGA-SC05
Item Code	JGA-09-3B
Climate Class	SN
Electrical Protection Class	II

## Power & Performance

### Performance Metrics

<b>72 W</b> Cooling Power	<b>65 W</b> Heating Power
------------------------------	------------------------------

### Current Draw Details

Mode	Current
Cooling	6A / 0.33A
Heating	5.5A / 0.3A

Input Voltage	AC 220V, DC 12V
---------------	-----------------

## Features

### Cooling Modes

- Rapid cooling
- Common cooling
