

Portable CD/USB Stereo Boombox

This portable stereo system features a top-loading CD player, AM/FM radio with a digital tuner, and a USB port for digital music file playback. It also has a 3.5mm auxiliary input for connecting external devices, dynamic bass boost, and a digital LCD display.

Product Overview

Versatile Audio Experience

This portable stereo boombox delivers a versatile audio experience, supporting CD and MP3 playback alongside a built-in AM/FM radio. Designed for flexibility, it features dual AC/DC operation, allowing it to function both at home and on the move with battery power. With additional USB and SD/MMC slot options, it serves as a compact solution for diverse playback needs in a variety of environments.
