Overview

Versatile Portable Mixing Solution

This portable cement mixer is engineered for efficient mixing of cement, mortar, feeds, fertilizers, and potting soils. Powered by a robust 550W motor, it provides a powerful mixing action suitable for small to medium-sized construction and agricultural projects. The design features a quick assembly process and a manual tilting mechanism for straightforward operation and controlled pouring.

Performance

Motor Power

550 W

Motor Power

Compatible Materials

Cement, Mortar, Feeds, Fertilizers, Potting Soils

Design & Construction

Drum Construction

Heavy-duty steel

Frame Design

Robust steel frame with integrated wheels

Operation

Operational Features

- Easy dump control handle
- Manual tilting mechanism
- Quick assembly design
- Safety switch for motor protection

Product Range

Available Drum Sizes

70L • 125L • 140L • 160L • 180L • 200L • 220L

Mobility

Maneuverability

Equipped with wheels for easy transporting and site maneuvering
