

Portable Concrete Mixer - 140L Drum, 0.5 HP

This construction machinery is designed for efficient mixing. It features a 140L (5 CF) capacity drum with a diameter of 24 inches (61cm).

Overview

Efficient Mixing Solution

This portable concrete mixer is designed for reliable performance on construction sites, offering a robust 140L (5 CF) drum capacity. Engineered for versatility, it operates on a dual-voltage system (115V/230V) and is powered by a 0.5 HP motor for consistent mixing. The compact design ensures easy transport and storage, making it an essential tool for small to medium-scale construction projects.

Technical Specifications

Drum Capacity

140 L Capacity	5 CF Capacity
--------------------------	-------------------------

Drum Diameter	61 cm
Motor Power	0.5 HP
Mixing Speed	28 RPM
Voltage Compatibility	115V, 230V

Logistics & Dimensions

Weight Specifications

Metric	Value	Unit
Net Weight	48	kg
Gross Weight	50	kg

Packing Dimensions	100 x 70 x 90 cm
