

Portable Concrete Mixer

This portable concrete mixer is designed for small to medium-sized construction projects. It features a robust steel frame for durability and stability.

Product Overview

Compact Mixing Power

This portable concrete mixer is engineered for small to medium-sized construction projects, offering a balance of durability and ease of use. Featuring a robust steel frame and a heavy-duty drum, it provides consistent performance for mixing concrete, mortar, and other materials. Its electric motor ensures reliable operation, while the integrated wheels and tilting drum design facilitate efficient maneuverability and material pouring on the job site.

Technical Specifications

Model Number	JH125H
Power Source	Electric Motor
Materials	Heavy-duty Steel, Robust Steel Frame

Features & Safety

Safety Features

- Enclosed motor housing
- Sturdy base to prevent tipping

Usability

Portable • Tilting Drum • Easy Maneuverability
