

Portable Concrete Mixer

This portable concrete mixer is suitable for small to medium-sized construction projects. It features a rotating drum that ensures cement, sand, gravel, and water are thoroughly mixed.

Overview

Portable Concrete Mixer

This portable concrete mixer is engineered for efficiency in small to medium-sized construction projects. Featuring a robust rotating drum, it ensures thorough mixing of cement, sand, gravel, and water. Designed for mobility, the unit is mounted on a durable wheeled chassis with pneumatic tires, allowing for smooth transport across uneven job site terrain.

Technical Specifications

Model Number	HP-CM260DE
Engine Type	Diesel (HP178FE)
Weight	355 kg
Engine Options	Diesel, Customizable

Quality Assurance

Quality Control	Every mixer undergoes a performance inspection before factory release to ensure operational reliability.
