Product Overview

Versatile On-Site Mixing Solution

This portable concrete mixer is engineered for small to medium-sized construction projects, offering the flexibility to mix dry-hard, semi-hard, and plastic concrete mixtures. Designed for high efficiency and ease of transport, this unit features a robust frame with wheels for superior mobility on construction sites. It is an ideal choice for contractors needing reliable performance for mixing mortar and concrete with outstanding quality.

Technical Specifications

Model Identifier	JZC500
Drum Capacity	500 L
Power Source Options	Electric Motor, Gasoline, Diesel

Key Features

Mixing Capabilities

- Dry-hard concrete
- Semi-hard concrete
- Plastic concrete
- Mortar

Design Highlights

Portable • Rotating Drum • Loading Hopper • Discharge Chute • Tilting Mechanism
