

Portable Concrete Mixer with Tilting Drum

This portable concrete mixer is designed for efficient mixing of cement, sand, and aggregate. It features a rotating drum and a tilting mechanism controlled by a handwheel for easy discharge of the mixed material.

Product Overview

Professional Portable Concrete Mixer

This 120L portable concrete mixer is engineered for efficiency and durability on construction sites. Featuring a robust cast iron ring gear and a powerful 500W motor, it ensures consistent mixing performance for cement, sand, and aggregate. The design includes a pedal-operated discharge system and 360-degree swiveling capabilities, allowing for complete and easy unloading of materials.

Technical Specifications

Drum Capacity	120 L
Motor Power	500 W
Drum Rotation Speed	30 rpm
Drum Opening Diameter	300 mm

Construction & Durability

Drum Thickness

1.2 mm Upper Drum	1.8 mm Bottom Drum
-----------------------------	------------------------------

Ring Gear Material	Cast Iron
Finish	Powder Coating

Physical Dimensions

Overall Size	1050 x 710 x 1170 mm
Net Weight	37 kg
Gross Weight	40 kg

Logistics & Features

Key Features	Pedal Discharge, 360 Degree Swivel, Plastic Gear Cover, Portable
20ft Container Loading	180 pcs
