

Portable Dehumidifier with Digital Display

This portable dehumidifier effectively removes excess moisture from indoor air. It features a digital display, integrated handle, and caster wheels for easy movement.

Overview

Intelligent Moisture Control

This portable dehumidifier offers a comprehensive solution for maintaining optimal indoor air quality. Equipped with a digital display and multiple operation modes—including wisdom, normal, powerful, and air clean—it intelligently adjusts to your environment's needs. Designed for convenience and safety, it features a 4.2L water tank, automatic defrosting, and a washable dustproof filter, making it an ideal choice for residential or professional indoor spaces.

Performance

Dehumidifying Capacity

10 L/d

Capacity (30°C, 80% RH)

Power Consumption	230 W
Noise Level (Low-High)	42 dBA
Wind Capacity	120-160 cfm

Technical Specifications

Model Number	1016
Voltage	220-240V (60Hz)
Cooling Gas	R290
Operating Temperature Range	5°C - 35°C
Humidity Adjustment Range	30% - 80% RH

Features

Safety & Protection

PSS Protection System • Full Tank Indicator • Auto Defrost • Grounding Protection

Convenience Features

- Digital Display
- Timer (1-24 Hours)
- Washable PP Dustproof Filter
- External Drain Connection
- Integrated Wheels for Mobility

Operation Modes

Wisdom Dehumidifying, Normal Dehumidifying, Powerful Dehumidifying, Air Clean

Physical Dimensions

Dimensions & Weight
