

Portable Drill Bit Grinder with Diamond Wheel

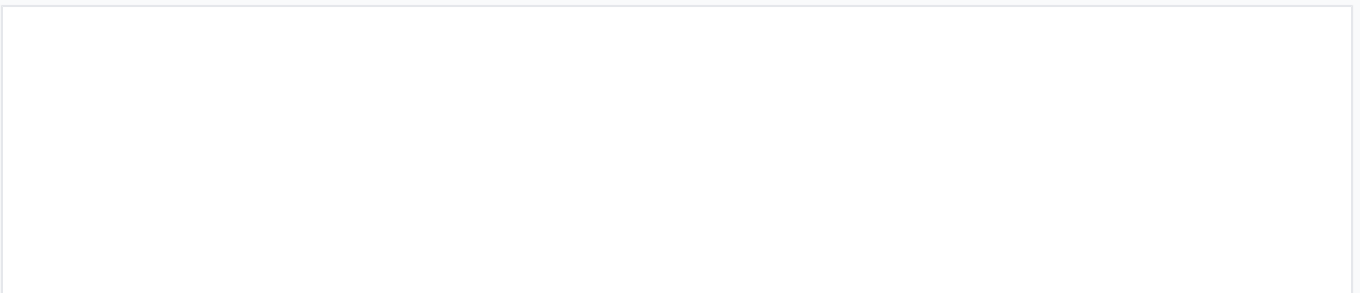

This portable drill bit grinder provides accurate and rapid grinding with easy operation. It features a diamond grinding wheel, ensuring an accurate angle and long service life.

ADDITIONAL IMAGES

Overview

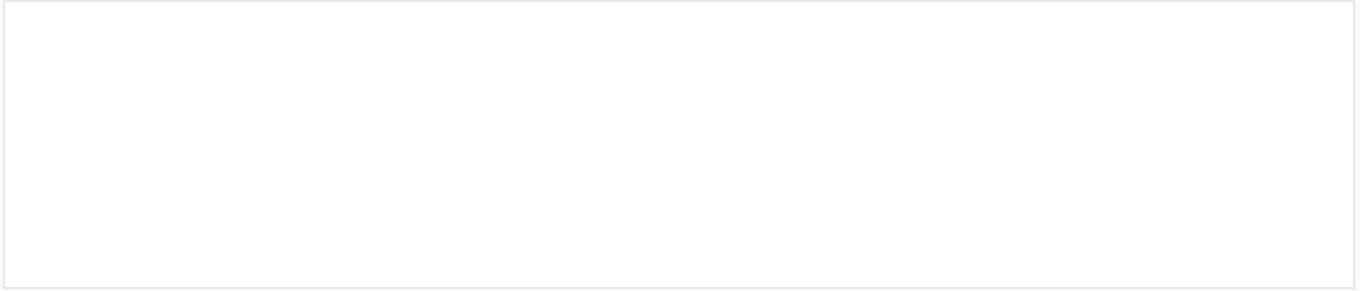

Compact design allows for easy portability and one-handed lifting, suitable for use anywhere in the workshop.

Precision Drill Bit Maintenance

This portable drill bit grinder is designed for rapid, accurate sharpening of twist drills, making it an essential tool for workshops and job sites. It features a user-friendly design that allows even operators without extensive grinding experience to achieve professional results in seconds. Equipped with a powerful DC motor and a durable diamond grinding wheel, this machine ensures consistent performance, extended tool life, and precise control over point and lip relief angles.

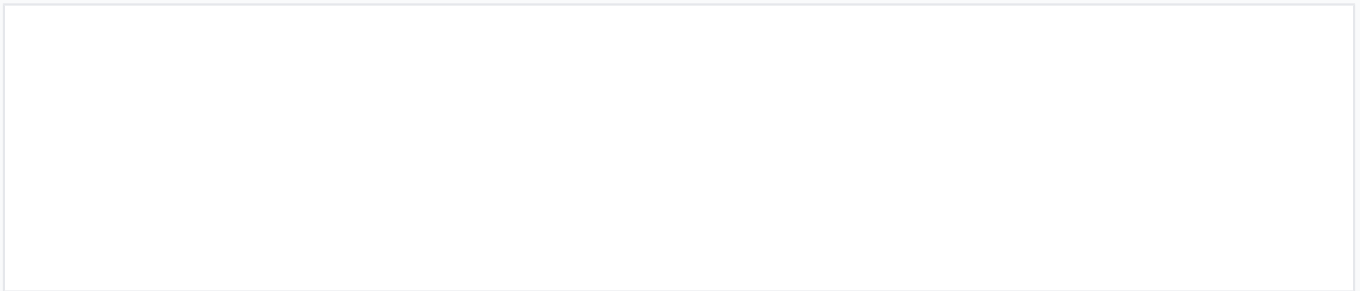

Technical Specifications

Simplified grinding seat design allows for precise drill alignment and efficient 180-degree rotation for a complete grind.

Grinding Range	3-13 mm
Point Angle	100-135°
Motor Power	120 W
Operating Voltage	AC 220V
Rotation Speed	4400 RPM
Grinding Wheel Type	CBN, SDC

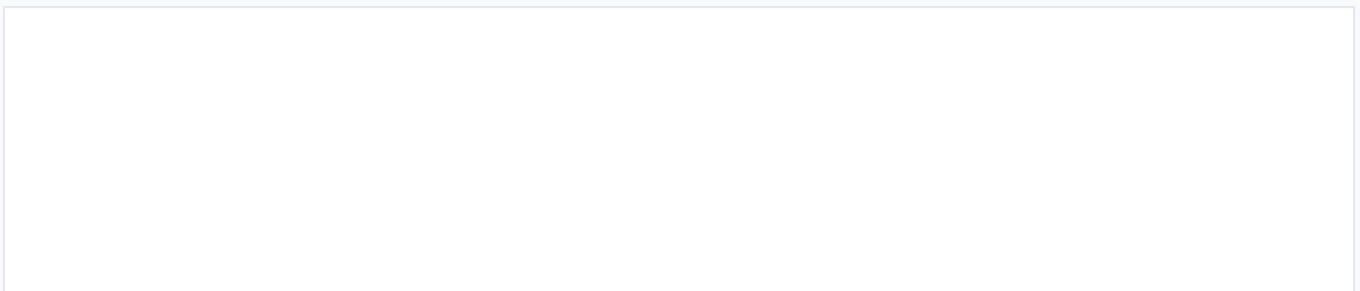

Physical Attributes

The grinding wheel is easily replaceable using a standard wrench, ensuring long-term maintenance is simple and cost-effective.

Weight	10 kg
Dimensions	310 x 170 x 180 mm

Included Accessories

The unit comes with a comprehensive set of accessories, including high-elastic collets and a diamond grinding wheel.
