Overview

Compact and portable design suitable for workshops and on-site maintenance.

Professional Drill Bit Maintenance

This portable drill bit sharpener provides an efficient and precise solution for maintaining drill bits ranging from 3mm to 13mm. Engineered for both novice and professional users, it requires no specialized grinding skills to operate, allowing for rapid sharpening in approximately 10 seconds. The unit features a powerful, electronically controlled DC motor and a diamond grinding wheel, ensuring stable performance and extended tool life for your drill bits.

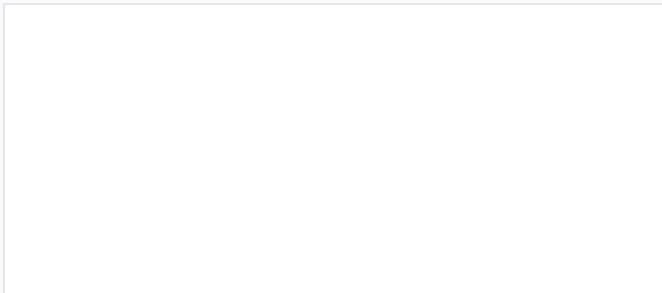

Technical Specifications

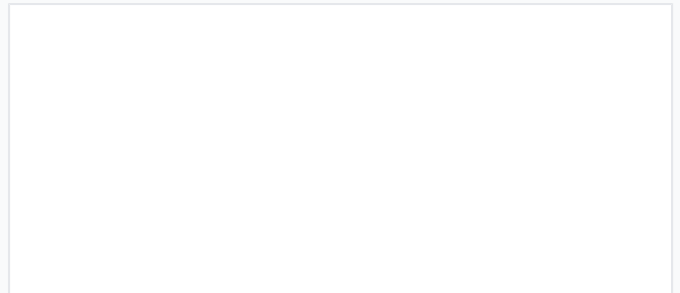

Detailed view of the machine structure and technical parameters.

Grinding Range	13 mm
Point Angle	100-135°
Motor Power	120 W
Rotation Speed	4400 RPM
Grinding Wheel Type	CBN, SDC
Machine Weight	10 kg
Operating Voltage	AC220V

Key Features

Efficient operation allows for sharpening drill bits in approximately 10 seconds.

Standard package includes collets, grinding wheel, and necessary tools for immediate operation.

Performance Highlights

10 seconds
