

# Portable Drill Bit Sharpener for Spot Weld Drills

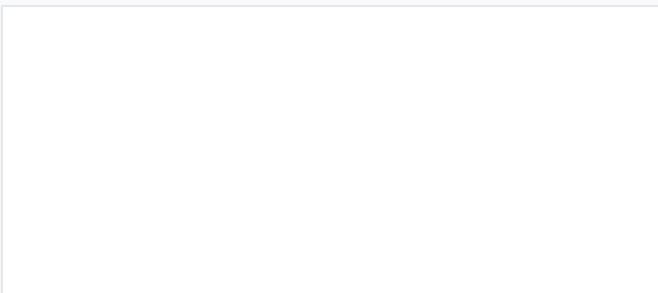

This drill bit sharpener is designed for spot weld drills and provides accurate and rapid grinding. It features a diamond grinding wheel, an electrically controlled DC motor, and a bearing shaft with locking unit.

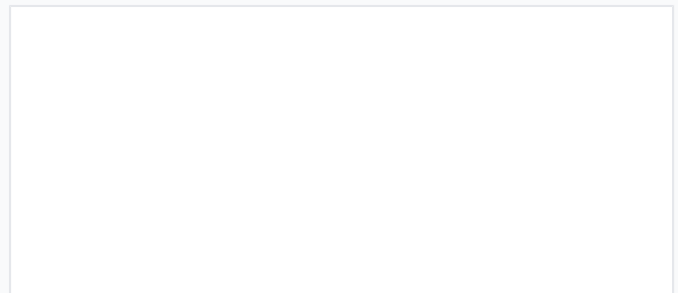

## ADDITIONAL IMAGES

## Product Overview

Compact and portable design suitable for various workshop environments.

Designed for fast operation, capable of sharpening a drill bit in approximately 10 seconds.

### Precision Drill Bit Sharpening

This portable drill bit sharpener offers accurate and rapid grinding performance designed for professional use. Featuring an electrically controlled, powerful DC motor, it ensures stable frequency and long service life. The machine is user-friendly, requiring no specialized grinding skills to operate, and includes adjustable settings for point size to coordinate with various drill materials and rotation speeds.

## Technical Specifications

Detailed view of adjustment scales, collet system, and angle settings.

### Grinding Range

**3 mm**

Minimum

**13 mm**

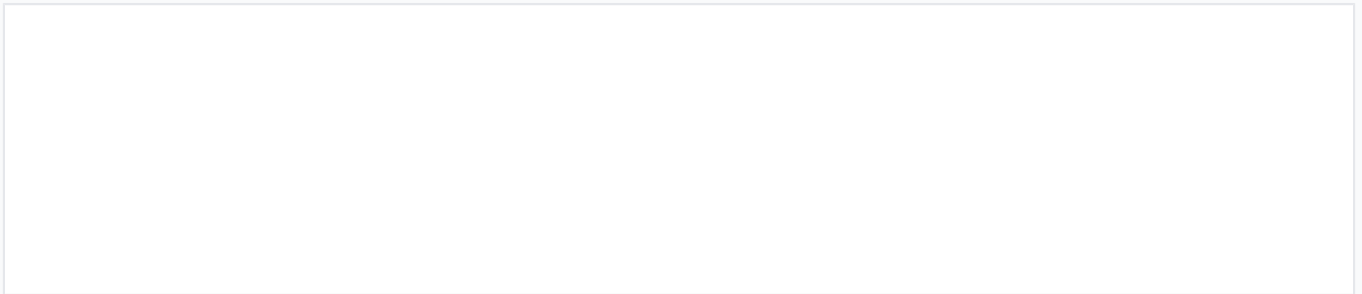

Maximum

Point Angle	100-135°
Motor Power	120 W
Rotation Speed	4400 RPM
Voltage	AC 220V
Grinding Wheel Type	CBN, SDC

## Physical Attributes

Dimensions	32 x 18 x 19 cm
Unit Weight	10 kg

## Included Accessories

Standard kit includes collets, grinding wheel, and necessary tools.

### Standard Accessories

- 11 x ER High elastic collets
- 1 x Diamond Grinding Wheel
- 1 x 13-type 2-blade chuck set
- 1 x Allen wrench
- 1 x User guide
