Overview

High-Performance Portable Inflation

This dual-cylinder air compressor is engineered for rapid and reliable tire inflation, capable of reaching a maximum pressure of 150 PSI. Designed for versatility, it features a digital display for precise pressure monitoring and an integrated LED light for nighttime operation. Its compact, portable build makes it an essential tool for automotive maintenance, suitable for cars, motorcycles, and sports equipment.

Technical Specifications

Air Flow Rate

45 L/MIN

Air Flow

Power Input	DC 12V
Rated Power	200 W
Maximum Pressure	150 PSI
Cylinder Configuration	2 x 30mm

Features

Included Accessories

- Three inflator adaptors
- 2.5M extension hose
- 68CM air hose
- 3M power cord with clamps/cigarette plug

Key Features	Digital Display, Dual-Cylinder, LED Work Light, Portable Handle, Fast Inflation
