

Portable Fabric Steamer for Clothes

This portable fabric steamer is a compact, handheld appliance for quick and efficient wrinkle removal. It heats up rapidly to produce steam, smoothing fabrics without an ironing board, and is ideal for travel and quick touch-ups.

Product Overview

Compact Wrinkle Removal Solution

The SCH-518 portable fabric steamer provides an efficient and convenient way to maintain wrinkle-free clothing without the need for an ironing board. Designed for both home use and travel, this handheld appliance features an ergonomic build and a fast heating system. Its user-friendly design includes a translucent reservoir, allowing for easy monitoring of water levels during operation.
