Product Overview

Professional Cutting Performance

This portable gas cutting torch is engineered for medium-duty metalworking tasks, offering precision and reliability for various industrial applications. Featuring a durable construction with brass and stainless steel components, it ensures long-lasting performance and resistance to wear. The ergonomic design allows for comfortable handling, while adjustable valves provide precise control over gas flow and flame intensity for optimal cutting efficiency.

Model	G02-280P
-------	----------

Technical Specifications

Available Lengths

- 500mm
- 900mm

Max Steel Cutting Capacity	300 mm
----------------------------	--------

Head Angles	90°, 105°
-------------	-----------

Compatibility

Nozzle Compatibility

Fuel Type	Compatible Nozzles
Propane	PNM, PNME
Acetylene	ANM, ANME

Features

Key Features

Adjustable Flame • Medium Duty • Ergonomic Handle • Brass & Stainless Steel
