Overview

Reliable Portable Power

This portable gasoline generator is designed to provide dependable power for both residential and commercial applications. Featuring a robust protective frame for enhanced durability and portability, it offers stable power output to support essential appliances and equipment. The unit is engineered for user-friendly operation and includes safety features to ensure consistent performance in various environments.

Technical Specifications

Rated Voltage	230 V
Rated Frequency	50 Hz
Rated Output	1.9 kW
Maximum Output	2 kW
Power Factor	1
DC Output	12V 10A

Features & Safety

Key Features

- Voltmeter
- AC Socket
- Circuit Protector
- Robust Frame
- Fuel-efficient engine

Operational Safety

Do not use indoors due to the danger of carbon monoxide poisoning. Ensure the generator is placed in a well-ventilated area before operation.

Certifications

CE, BSCI, TUV Rheinland
