Portable Gasoline Generator

This portable generator is designed to provide power in various situations. It features a durable frame with wheels and a handle for easy transportation and includes multiple AC outlets.

Product Overview

Reliable Power Solution

This portable gasoline generator is engineered for versatility and dependable performance in professional and residential settings. Featuring a robust design with integrated wheels and handles, it offers easy mobility for job sites or emergency backup needs. The unit is equipped with a high-capacity fuel tank and an electric start system, ensuring long runtimes and convenient operation.

Performance Metrics

Power Output

6000 W	5500 W
Max Output (60Hz)	Rated Output (60Hz)

Operational Specifications

Parameter	Value
Phase	Single phase
Power Factor	1
Noise Level (@7m)	72 dB(A)

Engine & Fuel

Engine Specifications

- 5.5HP Power Rating
- Single cylinder
- 4-Stroke
- OHV (Overhead Valve)
- Air cooled

Fuel Capacity	28 L
Fuel Type	Unleaded gasoline

Features & Safety

Safety & Control

Voltmeter • Circuit Breaker • Electric Start • DC12V Output

Certifications	CE
