

Portable Gasoline Generator

This compact gasoline generator provides reliable power in various applications. It features a durable construction and a user-friendly design.

Product Overview

Compact Power Solution

This portable gasoline generator provides a reliable and efficient power solution for diverse residential and commercial applications. Built for longevity, it features a durable design and a high-quality copper wire generator for enhanced conductivity. The unit includes built-in safety features like an AC protector and adheres to ISO 9001:2000 quality standards.

Performance Metrics

Performance Output

0.25 KW
Rated Output

0.26 KW
Max Output

2.3 A
Rated Current

Technical Specifications

Electrical Characteristics

Parameter	Value
Model	TG950
Frequency	50 Hz
Voltage	220 V

Build Quality | 100% Copper Wire, AC Protector

Compliance

Standards and Certifications

ISO 9001:2000 • CE Certified
