

Portable Gasoline Generator, 1.5-3.0 kW

This gasoline generator is designed for power generation, with power outputs ranging from 1.5kW to 3.0kW. It is suitable for various applications requiring portable power, such as construction sites, camping, and emergency backup.

Overview

Versatile Portable Power

This portable gasoline generator is engineered for reliable power generation across a range of outputs from 1.5kW to 3.0kW. Designed for versatility, it is an ideal solution for construction sites, camping trips, and emergency backup power needs. Built with a robust engine and durable construction, this unit ensures dependable performance when you need it most.

Performance Metrics

Power Output

3500 W Starting/Surge Watts	3000 W Rated Running Watts	1 Power Factor
---------------------------------------	--------------------------------------	--------------------------

Available Power Ratings

1.5 kW, 2.0 kW, 2.5 kW, 2.8 kW, 3.0 kW

Safety & Operation

Safety Features

Overload Protection • Low Oil Shutdown

Control Panel Features

- Integrated Voltmeter
- Multiple AC Outlets
- Engine Start Controls

Design & Maintenance

Designed for Reliability

The generator is engineered for easy starting and straightforward maintenance, ensuring it remains a convenient and dependable power source for professional and recreational use.
