

# Portable Gasoline Generator

The gasoline generator is a portable power solution suitable for various applications. It provides reliable power output for tools, appliances, and other electrical devices, featuring a durable frame and user-friendly controls.

## Overview

### Reliable Portable Power

This portable gasoline generator provides a dependable power solution for both residential and commercial applications. Designed for versatility, it features a durable frame for protection and easy transport, making it ideal for remote locations or emergency backup. With an efficient air-cooled 4-stroke engine and user-friendly controls, it ensures consistent electricity output for tools and appliances.

## Performance

### Power Output Specifications

Rated Output	Max Output	Engine Power
2.0 kW	2.2 kW	5.5 HP
2.5 kW	2.8 kW	6.5 HP
2.8 kW	3.0 kW	7.0 HP

### Key Performance Metrics

**50 Hz**

AC Frequency

**220 V**

Rated Voltage

**65 dB**

Noise Level

## Engine

### Displacement Options

- 163cc
- 196cc
- 210cc

**Engine Configuration** Air-cooled, 4-stroke, OHV, Single Cylinder

**Starting System** Recoil/Electric

## Operation

<b>Fuel Tank Capacity</b>	15 L
<b>Min. Fuel Consumption</b>	360g/kW-h
<b>Lube Oil Capacity</b>	0.6 L

## Physical

Dimensions (LxWxH)	640x455x450 mm
Net Weight Range	40kg - 45kg
