Overview

Reliable Portable Power Solution

This portable gasoline generator is engineered to provide a dependable power source for both home and professional applications. Built with a robust frame, it features integrated wheels and a handle for effortless mobility across construction sites or outdoor locations. Equipped with essential safety mechanisms like overload protection and low oil shutdown, it ensures consistent performance and peace of mind during emergency power outages.

Technical Specifications

Power Output

1000 W

Rated Output

230 V

AC Voltage

12 V

DC Output Voltage

8.3 A

DC Current

Engine Type

OHV Gasoline Engine

Features

Design Highlights

- Robust protective frame
- Integrated transport wheels
- Ergonomic handle
- Recoil start system

Safety Features

Overload Protection, Low Oil Shutdown, Voltmeter

Applications

Suitable For

Construction Sites • Emergency Backup • Outdoor Activities • Home Use
