

Portable Gasoline Generator

This portable gasoline generator provides electrical power for various applications. It features a robust frame, multiple outlets, and durable construction for reliable performance.

Overview

Reliable Power for Demanding Environments

This series of portable gasoline generators is engineered for versatility and durability, making them an ideal power solution for construction sites, outdoor events, and emergency backup scenarios. Featuring robust air-cooled, 4-stroke OHV engines, these units deliver consistent performance across a range of power outputs. With a heavy-duty frame design, they are built to withstand tough conditions while remaining portable enough for dynamic work environments.

Performance Metrics

Rated Power Output

3.2 kW

Model LT4500EB

4 kW

Model LT5500EB

5 kW

Model LT6500EB

6 kW

Model LT8000EB

Technical Specifications

Model Comparison

Model	Engine Power	Displacement	Net Weight
LT4500EB	9.0 HP	270 cc	75 kg
LT5500EB	11.0 HP	337 cc	80 kg
LT6500EB	13.0 HP	389 cc	82 kg
LT8000EB	15.0 HP	420 cc	85 kg

Engine Features

Air-cooled, 4-stroke, OHV, Single Cylinder, Transistor Magneto

Starting System

Recoil / Electric

Operational Data

Noise Level

- LT4500EB: 72dB
- LT5500EB: 74dB
- LT6500EB: 74dB
- LT8000EB: 78dB

Fuel Tank Capacity

25 L

Lube Oil Capacity

1.1 L

Voltage / Frequency

220/110V @ 50/60Hz
