

Portable Gasoline Generator with Overload Protection

This portable gasoline generator provides reliable power for various applications. It features a durable frame, stable AC and DC output, and safety features including overload protection and low oil shutdown.

Overview

Reliable Portable Power

This portable gasoline generator is engineered to deliver consistent and stable AC and DC power for diverse professional and recreational applications. Built with a durable frame and a robust engine, it ensures long-term reliability in demanding environments. Integrated safety mechanisms, including overload protection and low oil shutdown, provide peace of mind during operation.

Key Performance

Rated Power Output

3.4 kW

Power Output

Output Types

AC Output, DC Output

Safety & Features

Safety Features

- Overload Protection
- Low Oil Shutdown

Applications

Suitable Environments

Construction Sites • Camping • Emergency Power Backup
