Overview

Professional Grade Gasoline Water Pump

This portable gasoline water pump is engineered for high-performance water transfer in demanding environments such as irrigation, construction, and emergency drainage. Powered by a reliable 7.5HP 4-stroke OHV engine, it features an automatic oil alert system to prevent damage from low oil levels. Designed for durability and safety, each unit undergoes 100% testing prior to delivery and meets international standards including CE, EPA, and ISO9001 certifications.

Key Features

Engine Specifications

7.5 HP
Max Power

Certifications

CE, EURO V, EPA, ISO9001:2015

Technical Details

Starting Mechanism

- Recoil start
- Electric start

Engine Configuration

4-stroke, OHV, single cylinder, air-cooled

Inlet/Outlet Range

1.5 inch to 4.0 inch

Support & Service

Warranty Coverage

2 years or 600 working hours

Quality Assurance

Yes
