

Portable Handheld Garment Steamer

This is a portable handheld garment steamer with a compact design. It heats up quickly, providing continuous steam for effective wrinkle removal.

Overview

Compact Steam Solution

This portable handheld garment steamer offers a powerful 1300W output designed for efficient wrinkle removal on the go. Featuring a 30-second rapid heat-up time and a ceramic ironing panel, it provides both vertical and horizontal steaming capabilities. Its compact, fashionable design and detachable water tank make it an ideal tool for quick touch-ups and travel.
