

Portable Industrial Fan with Metallic Blades

This is a portable industrial fan designed for efficient air circulation. It features a durable metallic blade construction to deliver powerful airflow, and includes wheels for easy maneuverability.

Product Overview

High-Performance Air Circulation

The CIF-45CP is a robust portable industrial fan engineered for demanding environments. Featuring durable metallic blades, it delivers consistent and powerful airflow suitable for industrial, commercial, and residential applications. Its integrated wheel design ensures excellent maneuverability, allowing for efficient air circulation exactly where it is needed most.

Technical Specifications

Model Number	CIF-45CP
Blade Material	Metallic
Portability	Portable, Integrated Wheels

Application

Recommended Environments

- Industrial facilities
- Commercial spaces
- Residential areas
