

Portable Inverter Generator 1200W

This is a portable gasoline inverter generator designed for reliable power generation. It features a 4-stroke engine with a displacement of 53cc and a 2.2HP output, providing a maximum power of 1200W and a running power of 1000W.

Overview

Compact and Reliable Power

The INF1500X portable inverter generator is engineered to provide stable and clean power for various applications. Featuring a 4-stroke engine and advanced inverter technology, this unit delivers a maximum output of 1200W and a running power of 1000W. Its compact design and reliable performance make it an ideal solution for users needing portable energy on the go.

Technical Specifications

Engine Type	4-stroke
Engine Displacement	53 cc
Engine Power	2.2 HP

Electrical

Output Specifications	240V, 4.1A, 50Hz
-----------------------	------------------

Features

Control & Monitoring

- Engine switch (ENG.SW.)
- Low oil indicator LED
- Power status indicator LED
