Overview

High-Performance Portable Illumination

This portable LED work light is engineered for demanding industrial and outdoor environments, providing high-intensity illumination with a robust IP66 rating for superior weather resistance. Built with a durable aluminum body, it ensures longevity and corrosion resistance in tough conditions like construction sites and workshops. Its portable design, featuring an integrated stand, allows for versatile positioning and easy transport, making it an essential tool for professional lighting needs.

Technical Specifications

Luminous Efficiency

150 lm/W
Efficiency

Power	120 W
Input Voltage	100-277V AC
Luminous Flux	18000 Lm
Color Temperature	5500-6000K

Construction & Durability

Ingress Protection

IP66

Key Features

- Durable rust and corrosion resistance
- Weatherproof design
- Portable stand included

Housing Material

Aluminum

Compliance & Warranty

Warranty

5 years

Certifications

CE, ROHS
