Product Overview

Industrial-Grade Portable Illumination

This portable LED work light is engineered for demanding industrial and outdoor environments where reliable performance is critical. Featuring a rugged, whole-aluminum body, it offers excellent rust and corrosion resistance for long-term durability. With an IP66 waterproof rating and high-efficiency 12000Lm output, it provides consistent, bright illumination for construction sites, workshops, and emergency response scenarios.

Performance Metrics

Power Consumption

80 W Power	12000 Lm Lumen Output	150 lm/W Luminous Efficiency
----------------------	---------------------------------	--

Color Temperature	5500-6000K
-------------------	------------

Technical Specifications

IP Rating

IP66

Input Voltage	100-277V AC
---------------	-------------

Housing Material	Aluminum
------------------	----------

Compliance & Support

Warranty	5 years
----------	---------

Certifications	CE, ROHS
----------------	----------

Key Features

Features

- Whole aluminum body for rust and corrosion resistance
- Waterproof and weatherproof design
- Includes adjustable stand for flexible positioning
- Portable design with integrated handle
