Overview

Portable LED work light featuring a durable tripod base and impact-resistant construction.

Professional Portable LED Work Light

This portable LED work light is designed for versatile indoor and outdoor illumination, featuring a retractable tripod base for easy transport and storage. It provides 360-degree, glare-free lighting using super bright SMD LED technology, making it ideal for construction sites, events, and maintenance tasks. Built for durability, the unit includes an impact-resistant PC lens, a powder-coated metal frame, and an IP54 rating to withstand demanding work environments.

Technical Specifications

Energy Efficiency Class	
A+	
Impact Protection Rating	
IK08	
IP Rating	
IP54	
Light Source Type	SMD LED
Color Temperature Range	2700K - 6500K
Color Rendering Index (Ra)	80 Ra
Operating Temperature	-20°C to 55°C
Voltage Input	AC100-240V 50/60Hz
