

Portable LPG Generator

Portable LPG-powered generator designed for reliable off-grid electricity. Features a robust frame for protection and portability. Operates on LPG fuel for clean and efficient power generation.

Overview

Reliable Portable Power

This portable LPG-powered generator is designed to deliver dependable off-grid electricity for a variety of professional and recreational needs. Built with a robust frame for enhanced durability and easy transport, it utilizes clean-burning LPG fuel for efficient operation. It serves as an ideal solution for construction sites, outdoor event power, and reliable emergency backup.

Technical Specifications

Fuel Source	LPG (Liquefied Petroleum Gas)
Maximum Weight	30 kg

Features

Key Features	Portable, Robust Frame, Clean Fuel, Off-Grid Ready
--------------	--

Applications

Suitable Applications

- Construction sites
- Outdoor events
- Emergency backup power
