Product Overview

Universal Portable Power Solution

This intelligent portable power bank offers a reliable and efficient charging solution for a wide range of digital devices including mobile phones, tablets, GPS, and cameras. Featuring advanced microcomputer monitoring and a durable metallic finish, it ensures safe operation with multi-layer protection technology. Its compact, lightweight design makes it an essential tool for business travelers and professionals needing constant connectivity on the move.

Technical Specifications

Conversion Efficiency

80 %

Minimum Efficiency

85 %

Maximum Efficiency

Battery Capacity	4200 mAh
Output Voltage	5 V
Output Current Range	800-1000 mA

Features and Security

Compatible Devices

- Mobile Phones
- PSP
- MP3/MP4 Players
- GPS
- Bluetooth Devices
- Digital Cameras
- Tablets

Safety Protection Systems

Overcharge Protection, Discharge Protection, Overload Protection, Short Circuit Protection, Leakage Protection

Charge/Discharge Cycles

500
